THE FIRECHECK TANK

Steel Outer, Plastic Inner

**enviro
STORE**

The Alternative Choice

Now there is a product available which is a real step forward in fire rated tanks... **The Envirostore Firecheck Tank.** With a combination of the strength and security of steel, the practicality of a plastic bunded inner tank, and the protection of a fire rated material, all giving peace of mind to the installer.

Example of low profile option

The inner area of the tank is clad in a 30 minute fire rated material, then completely enclosed in a mild steel outer tank, making the unit weatherproof and secure.

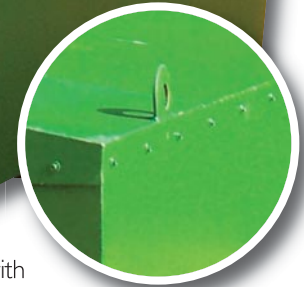

30 min fire rated material

THE FIRECHECK TANK

Steel Outer, Plastic Inner

A horizontal Bunded Tank complete with the unique Envirostore inner spill tray design (fuel overfill cannot come into contact with fire material). No additional fire walls need be provided, so no more unsightly additional brick or block walls adding extra cost to the installation (a risk assessment will still need to be carried out).

All Tanks come with lifting points

1000 EHFC

Brimful 1080 litres
Nominal 1026 litres
Length 2100 mm
Width 780 mm
Height 1625 mm
Footprint 2100mmx 780mm
Weight 560kgs

1225 EHFC

Brimful 1270 litres
Nominal 1206 litres
Length 2160 mm
Width 960 mm
Height 1820 mm
Footprint 2160mmx 960mm
Weight 605kgs

1250 ELPFC

Brimful 1330 litres
Nominal 1206 litres
Length 2070 mm
Width 1510 mm
Height 1250 mm
Footprint 2070mmx 1510mm
Weight 760kgs

1300 EHFC

Brimful 1400 litres
Nominal 1330 litres
Length 1930 mm
Width 1400 mm
Height 1620 mm
Footprint 1930mmx 1400mm
Weight 710kgs

1800 EHFC

Brimful 1910 litres
Nominal 1814 litres
Length 2170 mm
Width 1425 mm
Height 1720 mm
Footprint 2170mmx 1425mm
Weight 770kgs

2500 EHFC

Brimful 2625 litres
Nominal 2493 litres
Length 2330 mm
Width 1630 mm
Height 1820 mm
Footprint 2330mmx 1630mm

Tanks come fitted with 76mm high channels running lengthways across the bottom as standard to allow air to circulate underneath.

Optional Fittings Kit

All fittings are accessed via a secure, fire protected lockable lid.

- Apollo visual contents gauge
- Fittings kit for bottom outlet supplied as standard. Top outlet available upon request
- Overfill limiter device
- Painted green as standard - other colours available if required at extra cost
- Tin of touch up paint provided as standard

Envirostore accept liability for the replacement of faulty tanks, but accept no liability for loss of fuel and/or environment or property damage due to spillage of fuel from a Single Skin Tank. BS5410 Standard requires a fuel tank to have a 20 year life expectancy and this confirms the need to fit an Envirostore Bunded Tank.

Suitable access is required for delivery and may be on an artic vehicle. Delivery point must have suitable off-loading facilities available. Tail lift to ground level may be available if required and please specify when ordering.

Delivery times can vary on larger capacity tanks, please check before ordering. Allow up to 21 days for delivery.

Stockist

A risk assessment still needs to be carried out by an OFTEC registered installer. The product does not prevent fires from starting, caution and care around the tank with regards to garden fires, BBQ's etc should still be taken. This product should only be lifted using the appropriate lifting equipment.

All tanks must be fitted by an OFTEC registered or an equal and approved Engineer. The Envirostore Warranty may be affected if not installed correctly, or if any unauthorised work has been carried out on the tank, without the knowledge or permission of Envirostore UK Ltd. For details on the current regulations, consult an OFTEC registered or an equal and approved Engineer. The Inner Spill Tray must be kept clean and dry at all

times. Locks need to be kept in good working order and can be maintained by using WD40 or 3 in 1 oil.

All Bunded Tanks have a 20 year life expectancy. Fuel Dispensers and Waste Oil Tanks carry a 5 year warranty. Single Skin Tanks, including Water Tanks, carry a 2 year warranty. Pumps on Fuel Dispensers, Filstops, Locks, Hinges and Fitting Packs carry a 1 year warranty. Hoses on Fuel Dispensers carry a 3 month warranty. For details of warranty on Gauges, please consult the appropriate gauge manufacturers details separately.

Dimensions shown are approximate. Capacity details shown as Brimful and Nominal. Patent pending on Inner Spill Tray.
